12.3.8 v.4

Chen

ASH GROVE CEMENT WEST, INC.

Inter-Office Memorandum

Date December 28, 1988

To Dick Cooke / Jim Post

From Ken Rone

Copies to _____ Subject PCB Transformers

I have obtained prices of replacement (retrofit) or cleaning (retrofill) of the four PCB transformers we will need for operation of the proposed cement plant.

I have also listed prices for the disposal of a PCB contaminated transformer made surplus by the plant electrical remodeling project. It is in the area to be demolished but was excluded from the contractors quotation at our request.

I will presume the surplus transformer will need to be disposed of as part of the demolition project and will await your thoughts on the retrofill/retrofit options.

	quotations		
	GE	Westinghouse	Unison
Option 1: Retrofit four GE PCB transformers. Dispose of old units.	\$121286	\$99,501	no quote
Option 2: Retrofill four GE PCB transformers guaranteeing <50ppm PCB.	\$69850	\$70000	\$74930
Dispose of surplus 3750 KVA Westinghouse transformer and oil at 380ppm.	\$13700	\$22640	no quote

prices exclude taxes
